Our CAPABILITIES

Versatile Material Expertise

Utilizing advanced industry technologies, we create a wide array of materials with innovative treatments, ensuring each project achieves exceptional and progressive standards.

Precision Execution

Through meticulous attention to detail and proficiency in logistics, installation, and assembly, we deliver impeccable project execution that exceeds expectations.

Strategic Solution Planning

We specialize in strategically developing solutions, foreseeing challenges, and reducing risks throughout the production process to ensure smooth project completion.

Our Mission

Mission

We design and build for the future. Alya Najd find a symbol of mastery. We do this to achieve sustainability in the world of construction. Simple touches fuel the visual sensuality and create a “world of comfort in your space.

Our Vision

Vision

To be most customer-centric company In terms of mastery and quality.

Our Ethics

Corporate Ethics

Legal and ethical standards for employees at Alya Najd Company. Ethical standards govern the individual or organization regarding behavior or fairness.

We set higher standards of behavior for our employees, ensuring that there are protocols for review and auditing.

Our Ethics

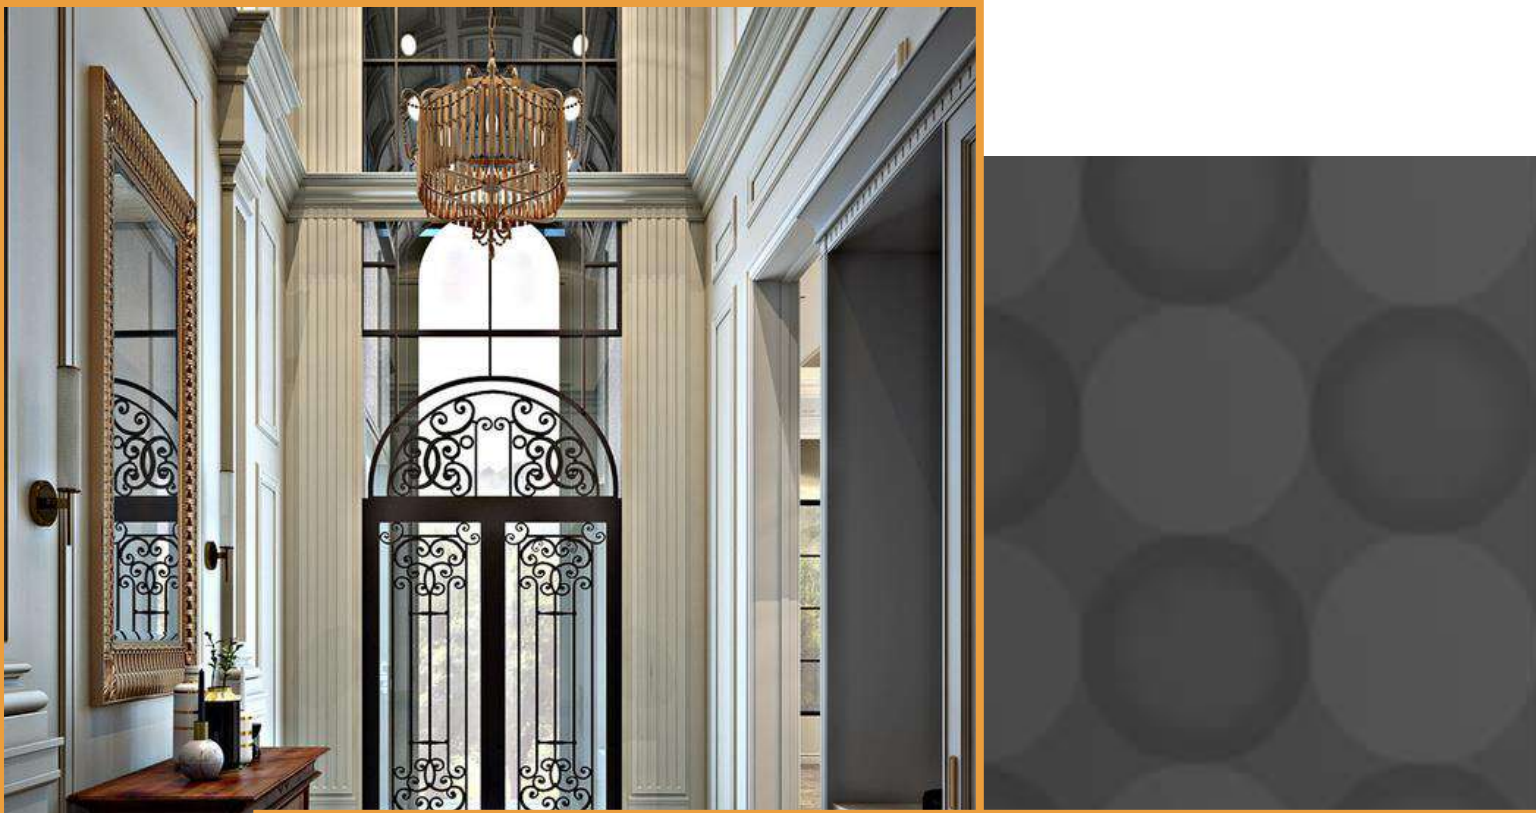

Suppliers' Code of Ethics

ANC is committed to conduct business in a professional and ethical manner, keeping people and environment at the forefront. As business partners, Alya Najd holds its suppliers to the same standers.

Alya Najd strives to engage with its suppliers whilst it expects its suppliers to uphold this code as a per-condition to such partnership.

The standards set forth in the code are non-negotiable minimum standards that ANC strictly requires its suppliers to comply with when conducting or attempting conduct business with ANC.

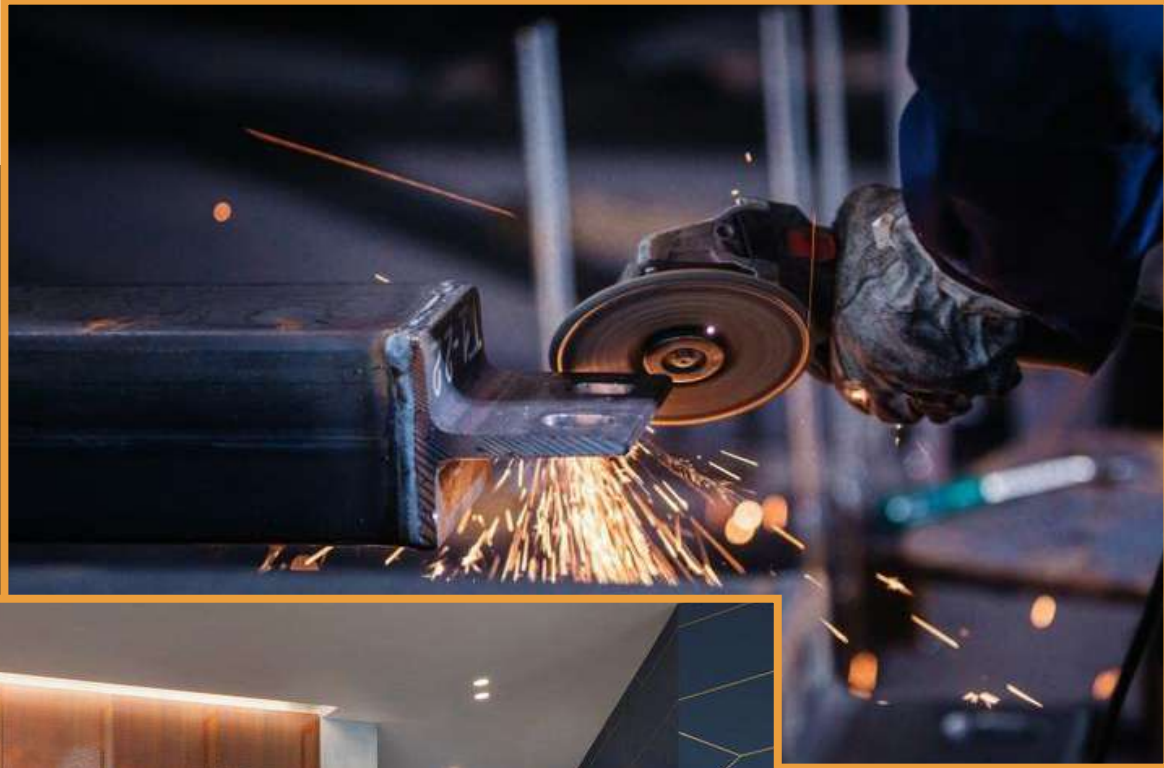

INTERIOR DESIGN

We transform interior spaces to be functional and safe by defining space requirements and choosing basic and decorative elements. We follow formal rules in interior design that include colors, lighting, and materials. We keep them balanced, which is the key to creating an aesthetic design for the place.

FITOUT

We identify a specialized team to study the interior/exterior spaces to ensure that the work is completed in a timely manner. Applying the highest standards, we ensure the processes that the client may need to prepare the project. From our study of the project, major structural changes may not always be required and may be minor changes in some cases.

DECORATIVE METAL

Our team has extensive experience in different types of metalwork design and installation, including iron, stainless steel, brass, aluminum, and PVD aluminum coating.

FLOORING

Our long experience in construction gives us the opportunity to be creative in the process of paving and installing floors and walls for interior and exterior spaces, such as marble, porcelain, granite, and wooden floors, we excel in floor and wall tiling because we follow international standards.

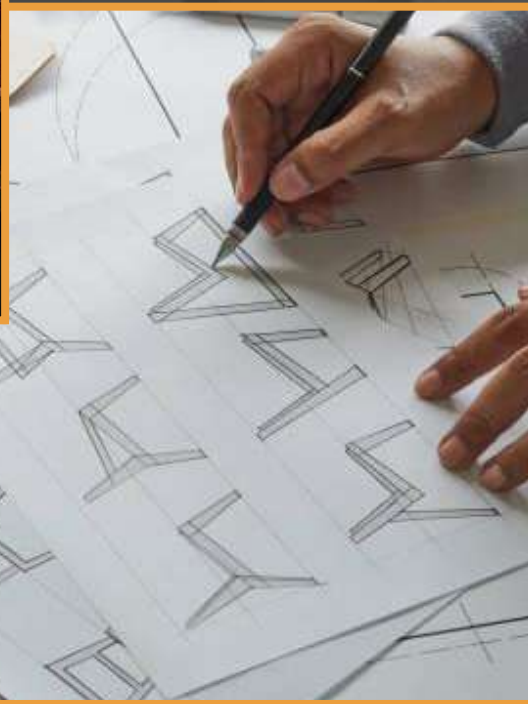

PAINTING WORKS

we starts by building trust in what we apply in all types of painting, whether it is acrylic textured paint, and special paint.

FALSE CEILING

An integrated team of skilled workers to ensure the best results are achieved. We used the best international systems for suspended ceilings.

LUMBERS AND METAL

We improve your space with luxury furniture that is designed especially for you. We put our expertise in modern interior solutions that may combine in metal and wood to appear in a product. Transforms your home/space into a haven of elegance.

MAINTENANCE

We specialize in comprehensive building maintenance and cleaning services, executed with the highest level of professionalism. Our team has undergone rigorous training in the utilization of cleaning and protective materials sourced from European factories that specialize in such products. With extensive experience, we stay up-to-date with the latest systems and adeptly handle specialized materials. We leverage our extensive experience to perform routine building maintenance, post-construction cleaning, and facility up-keep.

QUALITY MANAGEMENT

We apply the highest standards to ensure that each project deliverable used in the project is within the work plan. We address immediate concerns. We guide and supervise during project implementation. We strive to achieve quality project deliverables in accordance with the project schedule.
